Up-To-Date Software for Your Collection Management Needs

From the largest collections in the United States, to the smallest historical societies, from large archival research libraries, to a small corporate archive, with our software you'll manage it all, from beginning to end, seamlessly, efficiently, and affordably.

- 30 years supporting collection management, our software is tried and true, industry standard. New features are always being added and we upgrade as technology evolves.

- Staff of former curators, archivists, and archaeologists, are personally familiar with your daily tasks. They have worked with our software engineers to produce this impressive system that lets you manage it all.

- Client suggestions and requests are incorporated into Proficio.

- Automated conversions can export records from the some common older systems, making switching as affordable and simple as possible.

- Our online web module is used by the largest collection in the United States, the National Park Service

- We have a reputation for friendly and expert customer service.

- We would love to help you document and manage your valuable collection!

Selected Clients:

Purchasing Options

Proficio Elements Package – Includes: Collections, Archives, Library, Images & Multimedia, Training, and for local installations 90 days of free Technical Support.

Licensing is by "concurrent users" meaning the number of staff who will be using the system at one time. You could have 8 users, but purchase only a 3-user license if only 3 of your staff will be in Proficio at a given time.

Option 1: Proficio Elements Package, Desktop - Install on your local computer or network. Purchase either a license or a subscription. $975 for a Licensed single user. $68/month for a Subscription user.

Option 2: Proficio Elements Package, Cloud - Simply log in to your hosted system. Choose to purchase a License + Cloud Service or a Subscription Cloud Service.

License + Cloud starts at $975 plus $92/month for Cloud and Support. Subscription Cloud starts at $41/month, plus $92/month for Cloud and Support for a single user.

Web Module Add-On – Website visitors will be able to search, browse, and view selected collection records and images. The searching can be integrated with your current website's look and feel. Contact us for pricing details.
