

About Us

Our team of museum and archives professionals plus software engineers has produced a collections management system with your needs and ease of use in mind. After [nearly 30 years in the business of collections management](#), our software is tried and true, with new features always being added, and moving with technology as it evolves.

With a Proficio purchase you'll receive two hours of training plus 90 days of Support included. Upgrades are included with monthly Support. Contact us for a free live demo of the software: (434) 975-3256 option 3 or sales@rediscov.com.
